## Examples of Our Impact

Throughout the year, Project Outreach is made aware of immediate needs in our community. These situations typically involve people going through hardships who are under the radar of larger organizations and may not have support networks or resources to alleviate those needs. A few of these examples are shared below.

Project Outreach is a 100% volunteer organization, committed to being the hands and feet of Jesus in our community. When you partner with us to meet a need, you can be certain you are making a life-changing impact on families right here in Southwest Florida.

*For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in.*  
Matthew 25:35

### Our volunteers built a wheelchair ramp and gave an elderly man the gift of freedom.

Following complications resulting from multiple knee surgeries, this man was unexpectedly confined to a wheelchair. His wife had no way to get him out of the house and he was trapped in his home for months. Our team equipped their home with a wheelchair ramp and gave this family new freedom.

### A 71-year-old woman lived on a porch for nine months. We are changing that.

A concerned citizen let us know that a woman was still living on her porch nine months post-hurricane after her trailer home had been destroyed. While neighboring homes had been restored with help of FEMA and family, she was alone and didn't know where to turn. Our teams are working hard to restore her home and provide this sweet woman with proper shelter.

### Hundreds of hungry Collier County residents are fed through our partner programs.

We aim to partner with organizations monthly to feed and serve those less fortunate. Examples of our events include Immokalee serve days, St. Matthews House hosted dinners.

### Immediate needs resulting from serious illness, accidents, or storms cannot be predicted. But...

**Where God calls us to make a difference, we go.**

Examples include providing cleaning help and meals to a single mom with cancer, helping to restore the home of a family who lost all belongings in a fire, or teaming with organizations like Youth Haven for spring cleaning and painting.
